

Erin Fisher

Bio:

I am a Level 1 Skate Canada certified coach. I have been coaching figure skating and CanSkate for 10 years. Prior to coaching I was a program assistant for the CanSkate program for 5 years. I have confidence in my abilities as a coach regarding the four test divisions under Skate Canada (Freestyle, Skills, Dance and Interpretive). I currently specialize in Freestyle, Skills and Interpretive.

My goal as a coach is to help young skaters realise their individual potential. Figure skating is a difficult sport, and every skater has their own particular strengths, which I strive to reveal to them. This philosophy stems from my own experiences growing up as a skater and facing challenges. I always look forward to every opportunity that will allow my students to advance in their skating career and to achieve their personal bests.
