

Rita Wissa

I was introduced to this sport when I was 5 years old. I started with the CanSkate program then I took private lessons with different coaches to develop as a figure skater. I never stopped loving the sport and so I eventually got my professional level 1 coaching certification in late 2007 and I have been coaching ever since. I am an extremely positive person and I find joy in sharing my passion for skating. I understand that not everyone learns the same way or at the same pace so I try to adapt my lessons to each skater's personality and needs. Although I like structure in my lessons my priority is to make sure everyone I teach never stops finding skating fun! My goal is to help my skaters reach their full potential and my hope is to inspire my athletes to not only develop their skills on ice and grow as skaters, but to also grow as people and to stay inspired in everything they do!
